

MVZ Holding focusses on providing best in class primary medical care and has grown successfully by executing a disciplined expansion strategy. The company currently runs more than 25 medical practices in different regions in Switzerland and plans further expansion within the country.

**Together,
we build
a leading
company**

Gimv is excited about the opportunity to partner with the company's exceptionally strong and experienced incumbent management team. Founder and management will remain in their respective roles and will continue to be major shareholders of the company. Gimv will complement the existing team by providing strategic and financial support for the further roll out of their growth strategy.
