

Building leading companies.

Profile Analyst Health & Care - Germany

Position at Gimv within Health & Care team

- Gimv is a European investment company with over four decades experience in private equity and venture capital. The company is listed on Euronext Brussels. Gimv currently manages around 2.0 billion EUR (including co-investment partnerships) of investments in about 50 portfolio companies. As a recognized market leader in selected investment platforms, Gimv identifies entrepreneurial and innovative companies with high-growth potential and supports them in their transformation into market leaders and establishing long term success.
- Gimv's four investment platforms are: Connected Consumer, Smart Industries, Sustainable Cities and Health & Care. Each of these platforms works with a skilled and dedicated team across Gimv's home markets comprising the Benelux, France and Germany and can count on an extended international network of experts. More information on www.gimv.com.
- The person Gimv is looking for will work within the international team of Health & Care (primarily focusing on healthcare services providers and later stage medtech and pharma companies).

Role Description

- Deal-flow related
 - Screen and pre-assess deal opportunities
 - Perform market mapping and research (including pro-active commercial approaches)
 - Identify attractive, high potential investment targets, mostly focused on DACH region
 - Develop a good overview of healthcare sector trends
 - Identify and understand upcoming sub-segments / business models
- Transaction related
 - Support the analysis of target companies based on market / technology research, company analysis etc.
 - Perform general project management including responsibility for individual (sub-)project streams and coordination of external advisors and parties
 - Perform financial modeling and valuation (depending on prior experience alone or under instructions of other deal team members)
 - Provide support in creating winning power point presentations both for internal and external use
- Portfolio related
 - Support the Gimv board members of the portfolio companies and their ad hoc projects
 - Interact with portfolio management teams
- Others
 - Coach and involve interns
 - Willingness to travel
