## Gimv sells its stake in advisory company Halder to the Halder partners

**Gimv sold its shares in the advisory company Halder, that advises two buyout funds for the German midcap market (Halder Gimv Germany and Halder Gimv Germany II), to the Halder partners.**

This transaction allows Gimv to fully focus on its actual investment strategy to support growth companies in four selected investment platforms (Consumer 2020, Health & Care, Smart Industries and Sustainable Cities) in its core markets, being the Benelux (Antwerp, The Hague), France (Paris) and Germany (Munich). Gimv is currently strengthening its platform teams in all offices, including Munich, and will further approach the German market with its new, more specialized investment strategy.

For the Halder partners in Frankfurt, this agreement offers the basis for the continuation and expansion of their investment activities as an independent partnership under the 'Halder' brand.

This transaction does not alter Gimv's position as an investor in the Halder-Gimv Germany funds. Moreover, this transaction has no impact on Gimv's results.
