

Good company for companies

Press release

Antwerp / 1 October 2010 / 18:00 CET

## Gimv sells its participation in Claymount

Gimv announces that its participation in Claymount Investments B.V. is sold to co-owner QSolid B.V.

Claymount is a global leader in high-voltage cable connection systems and system components for X-ray equipment manufacturers serving both healthcare and industrial applications. These components are highly-customised and need to be able to work in critical and high quality circumstances.

The parties involved will not make announcements concerning the financials of this transaction.

Gimv is a European investment company with almost 30 years' experience in private equity and venture capital. The company is listed on the NYSE Euronext Brussels and administers around 1.8 billion EUR (including third parties' funds).

Gimv invests in buyouts and provides growth financing to established companies. For this Gimv has four local teams in Belgium, the Netherlands, France and Germany. Through the Gimv-XL fund growth capital is invested in larger companies in Flanders. In high-tech sectors Gimv invests venture capital through its specialised teams in Life Sciences, Technology and Cleantech.

In the Benelux Gimv also focuses on infrastructure projects with its funds DG Infra+ and DG Infra Yield. Also, Gimv is active in Central and Eastern Europe through funds and joint ventures.

More information on Gimv can be found on [www.gimv.com](http://www.gimv.com).
